Sec. 2. [282.005] TAX-FORFEITED LAND; INITIAL SALE.

Subdivision 1. **Public auction required.** Prior to managing tax-forfeited lands as otherwise provided in this chapter, a county must first offer tax-forfeited parcels for sale pursuant to this section, except that any interests in iron-bearing stockpiles, minerals, or mineral interests are reserved for the state as provided under subdivision 8, and any parcel withdrawn from sale by the commissioner of natural resources under section 282.007 must be managed as provided in section 282.007. If a property cannot be sold under this section for more than the minimum bid, the state is deemed to have purchased the property through a credit bid and the parcels may be disposed of as otherwise provided in this chapter.

Subd. 2. **Definitions.** For the purposes of this section, the following terms have the meanings given:

(1) "interested party" means any party with an interest in the real estate including but not limited to an owner of the property, a lienholder, or any other party who has filed their name according to section 276.041;

(2) "mineral interest" means an interest in any minerals, including but not limited to iron, gas, coal, oil, copper, gold, or other valuable minerals; and

(3) "minimum bid" means the sum of delinquent taxes, special assessments, penalties, interests, and costs assigned to the parcel.

Subd. 3. **Repurchase.** Prior to the public sale required under this section, an interested party may repurchase the property by payment of the sum of all delinquent taxes and assessments computed under section 282.251, together with penalties, interest, and costs, that accrued or would have accrued if the parcel of land had not forfeited. A property repurchased under this subdivision is no longer subject to the requirements of this section. All rights and interests of all interested parties remain unaffected if a property is repurchased under this subdivision.

Subd. 4. **Public auction.** (a) The county auditor must sell the property at a public auction to the highest bidder in a manner reasonably calculated to facilitate public participation, including by online auction. The sale must occur within six months of either the filing of the certificate of the expiration of redemption pursuant to section 281.23, subdivision 9, or the date the property is vacated by the occupant, whichever is later. Notice of the sale must be provided by website publication at least 30 days before the commencement of the sale.

(b) At auction, the county auditor must calculate the minimum bid and make the figure available to those participating in the auction. If no buyer is willing to pay the minimum bid, the state is deemed to have purchased the property through a credit bid and the parcels may be disposed of as otherwise provided in this chapter.

Subd. 5. **Sale proceeds.** The auction proceeds must be collected by the county auditor. The amount of the minimum bid shall be deposited into a county's forfeited tax sale fund. The proceeds in excess of the minimum bid shall be available for distribution pursuant to subdivision 6.

Subd. 6. **Claims for surplus proceeds.** (a) If a sale under this section results in a surplus, within 60 days of the sale, the county auditor must notify interested parties, in a manner described in subdivision 7, of the surplus by sending notice of the surplus and a claim form to the interested parties. The commissioner of revenue must prescribe the form and manner of the claim form. The notice must indicate that the sale of the property resulted in a surplus, the amount of the surplus, that parties with an interest in the property are entitled to the surplus amount, and that interested parties have an obligation to submit a claim for the surplus. Interested parties are entitled to make a claim for surplus proceeds under this subdivision if they file a claim within six months from the date the notice is first mailed to the interested parties.

(b) Unless disputed by the county auditor, if a single claim is filed, the county auditor must pay the surplus to the interested party filing the claim. A county must not pay any claimant until after the period of time in which to file a claim has expired.

(c) If there are multiple claims for a given property, the county must divide payments under this subdivision among the claimants according to each claimant's interest in proportion to the interest of all claimants. If the county auditor disputes a claim, or if there is a dispute as to how to divide the surplus among multiple claimants, the county auditor may deposit the surplus funds in district court and file a petition pursuant to Rule 67 of the Minnesota Rules of Civil Procedure, asking the court to determine claimants' rights to the funds deposited. The county auditor is entitled to recover the costs it reasonably incurs in commencing and maintaining this action from the amount of funds submitted to the court in the action. If the court determines that no claimant is entitled to the surplus, the surplus must be returned to the county and deposited into the county's forfeited tax sale fund.

(d) The county and the county auditor are entitled to absolute immunity related to any claim predicated on distribution of surplus if the county auditor distributed proceeds consistent with this subdivision.

Subd. 7. **Manner of service.** (a) A notice provided under subdivision 6 or 8 must be served as follows:

(1) by certified mail to all interested parties of record within 60 days of the sale;

(2) if an interested party of record has not filed a claim, a second notice must be sent by first class mail to all interested parties between 90 and 120 days after the sale;

(3) unless the property is vacant land, within 60 days of the sale, by first class mail to the property addressed to the attention of the occupants of the property; and

(4) within 60 days of the sale, by publishing a list of property sales with surplus with unexpired claims periods to the county's website.

(b) In addition, solely at the discretion of the county, the summons may be published in the county's designated newspaper for publication of required public notices.

Subd. 8. **Claims for mineral interests; payments; appropriation.** (a) Upon forfeiture, any iron-bearing stockpiles, minerals, and mineral interests shall be sold to the state for \$50. The county auditor must notify interested parties within 60 days of the sale by sending notice and a claim form. The commissioner of revenue must prescribe the form and manner of the claim form. Notice must be provided in a manner described in subdivision 7. An interested party may submit a claim alleging that the value of the iron-bearing stockpiles, minerals, or mineral interests in the property exceeds the minimum bid. Claims must be submitted within six months from the date the notice under this subdivision is first mailed to the interested parties.

(b) If a claim is filed under this subdivision, the commissioner of natural resources must determine the value of the forfeited iron-bearing stockpiles, minerals, and mineral interests. If the value of the iron-bearing stockpiles, minerals, and mineral interests does not exceed the minimum bid, the claimant is not entitled to any payment under this subdivision. If the value of the iron-bearing stockpiles, minerals, and mineral interests exceeds the minimum bid, the claimant is entitled to a payment from the commissioner of natural resources equal to this excess amount.

(c) If there are multiple claims, the county must divide payments under this subdivision among the claimants according to each claimant's ownership interest in proportion to the ownership interest

of all claimants. If the county auditor disputes a claim, or if there is a dispute as to how to divide the surplus among multiple claimants, the commissioner of natural resources must transfer the amount due to the claimants under this subdivision to the county auditor. The county auditor must then deposit the transferred amount in district court and file a petition pursuant to Rule 67 of the Minnesota Rules of Civil Procedure, asking the court to determine claimants' rights to the funds deposited. The county auditor is entitled to recover the costs it reasonably incurs in commencing and maintaining this action from the amount of funds submitted to the court in the action. If the court determines that no party that filed a claim is entitled to the surplus, the payment must be returned to the commissioner of natural resources and is canceled to the general fund.

(d) An amount necessary to make payments under this subdivision is annually appropriated from the general fund to the commissioner of natural resources.

Subd. 9. **Expiration of surplus.** If a sale under this section results in a surplus and either (1) no interested party makes a claim for the proceeds within the time allowed under subdivision 6, or (2) it is determined that no claimant was entitled to the surplus proceeds, then interested parties are no longer eligible to receive payment of any surplus. Once interested parties are no longer eligible to receive payment of any surplus, the proceeds must be returned to the county's forfeited tax sale fund.

Subd. 10. **Rights affected by forfeiture.** The forfeiture of the property extinguishes all liens, claims, and encumbrances other than:

- (1) the rights of interested parties to surplus proceeds under this section;
- (2) rights of redemption provided under federal law;
- (3) easements and rights-of-way holders who are not interested parties; and
- (4) benefits or burdens of any real covenants filed of record as of the date of forfeiture.

Subd. 11. **Property bought by the state.** Property deemed to be purchased by the state pursuant to this section shall be held in trust for the benefit of the taxing districts. All land becoming property of the state pursuant to this chapter shall be managed in accordance with chapters 93 and 282 and other applicable law.

Sec. 3. [282.007] LAND WITHDRAWN FROM INITIAL SALE.

Subdivision 1. **Property withdrawn from sale.** The commissioner of natural resources may withhold or withdraw from the sale required under section 282.005 any property allowed to be withheld or withdrawn from sale in section 85.012, 85.013, 282.01, subdivision 8, or 282.018. The commissioner of natural resources must condemn parcels withheld or withdrawn from sale under this section according to procedures set forth in chapter 117. Notwithstanding section 282.005, subdivision 1, any interests in iron-bearing stockpiles, minerals, or mineral interests in property withheld or withdrawn from sale under this section are not severed from the property and are not subject to section 282.005, subdivision 8.

Subd. 2. **Notice.** The county auditor must provide notice to the commissioner of natural resources of the forfeiture of any lands eligible to be withheld or withdrawn from sale under this section.

Notice must be provided within 30 days of either the filing of the certificate of the expiration of redemption pursuant to section 281.23, subdivision 9, or the date the property is vacated by the occupant, whichever is later. Within 30 days of this notice, the commissioner of natural resources must notify the county auditor of a decision to withhold or withdraw a property from the sale under section 282.005. If no such notice is given, the county auditor must sell the property pursuant to section 282.005.

Subd. 3. **Repurchase.** Prior to the initiation of the condemnation proceedings of a property withheld or withdrawn from sale under this section, an interested party may repurchase the property by payment of the sum of all delinquent taxes and assessments computed under section 282.251, together with penalties, interest, and costs that accrued or would have accrued if the parcel of land had not forfeited. The county auditor must notify the commissioner of natural resources if a property is repurchased under this subdivision. A property repurchased under this subdivision is no longer subject to the requirements of this section or section 282.005. All rights and interests of all interested parties remain unaffected if a property is repurchased under this subdivision. For the purposes of this section, "interested party" has the meaning given in section 282.005, subdivision 2.

Subd. 4. **Proceeds.** Notwithstanding any law to the contrary in chapter 117, all proceeds from the condemnation proceedings of a property withheld or withdrawn from sale under this section must be transferred from the commissioner of natural resources to the county auditor. Any proceeds up to the value of the minimum bid are transferred to the county's forfeited tax sale fund. Any proceeds in excess of the minimum bid must be made available for claims pursuant to section 282.005, subdivision 6. For the purposes of this section, "minimum bid" has the meaning given in section 282.005, subdivision 2.

Sec. 4. Minnesota Statutes 2022, section 282.01, subdivision 6, is amended to read:

Subd. 6. Duties of commissioner after sale. (a) When any sale has been made by the county auditor under sections ~~282.04~~ 282.005 to 282.13, the auditor shall immediately certify to the commissioner of revenue such information relating to such sale, on such forms as the commissioner of revenue may prescribe as will enable the commissioner of revenue to prepare an appropriate deed if the sale is for cash, or keep necessary records if the sale is on terms; and not later than October 31 of each year the county auditor shall submit to the commissioner of revenue a statement of all instances wherein any payment of principal, interest, or current taxes on lands held under certificate, due or to be paid during the preceding calendar years, are still outstanding at the time such certificate is made. When such statement shows that a purchaser or the purchaser's assignee is in default, the commissioner of revenue may instruct the county board of the county in which the land is located to cancel said certificate of sale in the manner provided by subdivision 5, provided that upon recommendation of the county board, and where the circumstances are such that the commissioner of revenue after investigation is satisfied that the purchaser has made every effort reasonable to make payment of both the annual installment and said taxes, and that there has been no willful neglect on the part of the purchaser in meeting these obligations, then the commissioner of revenue may extend the time for the payment for such period as the commissioner may deem warranted, not to exceed one year. On payment in full of the purchase price, appropriate conveyance in fee, in such form as may be prescribed by the attorney general, shall be issued by the commissioner of revenue, which conveyance must be recorded by the county and shall have the force and effect of a patent from the state subject to easements and restrictions of record at the date of the tax judgment sale, including, but without limitation, permits for telephone and electric power lines either by underground

cable or conduit or otherwise, sewer and water lines, highways, railroads, and pipe lines for gas, liquids, or solids in suspension.

(b) The commissioner of revenue shall issue an appropriate conveyance in fee when approval from the county auditor is given based upon written confirmation from a licensed closing agent, title insurer, or title insurance agent as specified in section 82.641. For purposes of this paragraph, "written confirmation" means a written commitment or approval that the funding for the conveyance is held in an escrow account available for disbursement upon delivery of a conveyance. The county recorder or registrar of titles must not record or file a conveyance issued under this paragraph unless the conveyance contains a certification signed by the county auditor where the land is located stating that the recorder or registrar of titles can accept the conveyance for recording or filing. The conveyance issued by the commissioner of revenue shall not be effective as a conveyance until it is recorded. The conveyance shall be issued to the county auditor where the land is located. Upon receipt of the conveyance, the county auditor shall hold the conveyance until the conveyance is requested from a licensed closing agent, title insurer, or title insurance agent to settle and close on the conveyance. If a request for the conveyance is not made within 30 days of the date the conveyance is issued by the commissioner of revenue, the county auditor shall return the conveyance to the commissioner. If the conveyance is delivered to the licensed closing agent, title insurer, or title insurance agent and the closing does not occur within ten days of the request, the licensed closing agent, title insurer, or title insurance agent shall immediately return the conveyance to the county auditor and, upon receipt, the county auditor shall return the conveyance to the commissioner of revenue. The commissioner of revenue shall cancel and destroy all conveyances returned by the county auditor pursuant to this subdivision. The licensed closing agent, title insurer, or title insurance agent must promptly record the conveyance after the closing and must deliver an attested or certified copy to the county auditor and to the grantee or grantees named on the conveyance.

Sec. 5. Minnesota Statutes 2022, section 282.241, subdivision 1, is amended to read:

Subdivision 1. **Repurchase requirements.** The owner at the time of forfeiture, or the owner's heirs, devisees, or representatives, or any person to whom the right to pay taxes was given by statute, mortgage, or other agreement, may repurchase any parcel of land claimed by the state to be forfeited to the state for taxes unless before the time repurchase is made the parcel is sold under installment payments, or otherwise, by the state as provided by law, or is under mineral prospecting permit or lease, or proceedings have been commenced by the state or any of its political subdivisions or by the United States to condemn the parcel of land. The parcel of land may be repurchased for the sum of all delinquent taxes and assessments computed under section 282.251, together with penalties, interest, and costs, that accrued or would have accrued if the parcel of land had not forfeited to the state. Except for property which was homesteaded on the date of forfeiture, repurchase is permitted during six months only from the date of forfeiture, and in any case only after the adoption of a resolution by the board of county commissioners determining that by repurchase undue hardship or injustice resulting from the forfeiture will be corrected, or that permitting the repurchase will promote the use of the lands that will best serve the public interest. If the county board has good cause to believe that a repurchase installment payment plan for a particular parcel is unnecessary and not in the public interest, the county board may require as a condition of repurchase that the entire repurchase price be paid at the time of repurchase. A repurchase is subject to any easement, lease, or other encumbrance granted by the state before the repurchase, and if the land is located within a restricted area established by any county under Laws 1939, chapter 340, the repurchase must not be permitted unless the resolution approving the repurchase is adopted by the unanimous vote of the board of

county commissioners. Notwithstanding the foregoing, any application to repurchase a property that is made available for sale pursuant to section 282.005 must be made before the date of that sale.

The person seeking to repurchase under this section shall pay all maintenance costs incurred by the county auditor during the time the property was tax-forfeited.

Sec. 6. Minnesota Statutes 2022, section 282.301, is amended to read:

282.301 RECEIPTS FOR PAYMENTS; CERTIFICATION BY COUNTY AUDITOR.

When any sale has been made under sections 282.005, 282.012, and 282.241 to 282.324, the purchaser shall receive from the county auditor at the time of repurchase a receipt, in such form as may be prescribed by the attorney general. When the purchase price of a parcel of land shall be paid in full, the following facts shall be certified by the county auditor to the commissioner of revenue of the state of Minnesota: the description of land and the date when the final installment of the purchase price was paid.

Sec. 7. **DEPARTMENT OF NATURAL RESOURCES; APPROPRIATION.**

\$1,537,000 in fiscal year 2025 is appropriated from the general fund to the commissioner of natural resources to perform the duties required under Minnesota Statutes, section 282.005. The base for this appropriation is \$1,537,000 in fiscal year 2026 and each fiscal year thereafter.

Sec. 8. **EFFECTIVE DATE.**

Section 1 is effective for notices provided after the day following final enactment. Sections 2 to 6 are effective for forfeitures occurring after December 31, 2023."

The transportation network company shall disclose in writing to transportation network company drivers the following before they are allowed to accept a request for a prearranged ride on the transportation network company's digital network:

- (2) uninsured and underinsured motorist coverage;
- (3) basic economic loss benefits as defined under section 65B.44;
- (4) medical payments coverage;
- (5) comprehensive physical damage coverage; and
- (6) collision physical damage coverage.

These exclusions apply notwithstanding any requirement under the Minnesota No-Fault Automobile Insurance Act, sections 65B.41 to 65B.71. Nothing in this section implies or requires that a personal automobile insurance policy provide coverage ~~while the driver is logged on to the transportation network company's digital network, while the driver is engaged in a prearranged ride, or while the driver otherwise uses a vehicle to transport passengers for compensation during P1, P2, or P3, or while the driver otherwise uses a vehicle to transport passengers for compensation.~~

Nothing in this section shall be deemed to preclude an insurer from providing coverage for the transportation network company driver's vehicle, if it so chooses to do so by contract or endorsement.

(b) Automobile insurers that exclude coverage as permitted in paragraph (a) shall have no duty to defend or indemnify any claim expressly excluded thereunder. Nothing in this section shall be deemed to invalidate or limit an exclusion contained in a policy, including any policy in use or approved for use in Minnesota prior to May 19, 2015, that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public.

(c) An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy as permitted in paragraph (a) shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of subdivision 2 at the time of loss.

(d) In a claims coverage investigation, transportation network companies and any insurer potentially providing coverage under subdivision 2 shall cooperate to facilitate the exchange of relevant information with directly involved parties and any insurer of the transportation network company driver if applicable, including the precise times that a transportation network company driver logged on and off of the transportation network company's digital network in the 12-hour period immediately preceding and in the 12-hour period immediately following the accident and disclose to one another a clear description of the coverage, exclusions, and limits provided under any automobile insurance maintained under subdivision 2.

Sec. 2. [181C.01] DEFINITIONS.

Subdivision 1. Application. For purposes of this chapter, the terms defined in this section have the meanings given.

Subd. 2. **Deactivation.** "Deactivation" means a TNC blocking a driver's access to a digital network, suspending a driver, or changing a driver's status from eligible to ineligible to provide prearranged rides for a TNC for more than 12 hours, or more than 72 hours when the TNC must investigate a claim against a driver. Deactivation does not include a driver's loss of access to the digital network that is contingent on a driver's compliance with licensing, insurance, or regulatory requirements or that can be resolved through unilateral action by the driver. For the purposes of this chapter, "prearranged ride" has the meaning given in section 65B.472, subdivision 1.

Subd. 3. **Digital network.** "Digital network" has the meaning given in section 65B.472, subdivision 1.

Subd. 4. **Driver time periods.** "Driver time periods" are divided into three exclusive segments which have the following meanings:

(1) "period 1" or "P1" means the time when a driver is logged into a TNC application, but has not accepted a ride offer;

(2) "period 2" or "P2" means the time when a driver is proceeding to pick up a rider after choosing to accept a ride offer; and

(3) "period 3" or "P3" means the time when a driver is transporting a rider from a pickup location to a drop-off location.

Subd. 5. **Personal vehicle.** "Personal vehicle" has the meaning given in section 65B.472, subdivision 1.

Subd. 6. **Transportation network company.** "Transportation network company" or "TNC" has the meaning given in section 65B.472, subdivision 1.

Subd. 7. **Transportation network company driver.** "Transportation network company driver," "TNC driver," or "driver" has the meaning given in section 65B.472, subdivision 1.

Subd. 8. **Transportation network company rider.** "Transportation network company rider," "TNC rider," or "rider" has the meaning given in section 65B.472, subdivision 1.

Sec. 3. **[181C.02] NOTICE AND PAY TRANSPARENCY.**

Subdivision 1. **Compensation notice.** (a) Upon initial or subsequent account activation, and annually each year while a driver continues to maintain an account with the TNC, a TNC must provide written notice of compensation, or a compensation policy, if any, to each driver containing the following information:

(1) the right to legally required minimum compensation under section 181C.03;

(2) the frequency and manner of a driver's pay;

(3) the rights and remedies available to a driver for a TNC's failure to comply with legal obligations related to minimum compensation; and

(4) the driver's right to elect coverage of paid family and medical leave benefits, as provided under chapter 268B.

(b) Notice under this subdivision must be provided in written plain language and made available in English, Amharic, Arabic, Hmong, Oromo, Somali, and Spanish. TNCs operating in Minnesota must consider updating the languages in which they offer the notice each year.

(c) The TNC must provide notice to a driver in writing or electronically of any changes to the driver's compensation policy at least 48 hours before the date the changes take effect.

Subd. 2. **Assignment notice.** When a TNC alerts a driver of a possible assignment to transport a rider, the ride offer must be available for sufficient time for the driver to review, and the TNC must indicate:

(1) the estimated travel time and number of miles from the driver's current location to the pickup location for P2;

(2) the estimated travel time and number of miles for the trip for P3; and

(3) the estimated total compensation, before any gratuity.

Subd. 3. **Daily trip receipt.** Within 24 hours of each trip completion, the TNC must transmit a detailed electronic receipt to the driver containing the following information for each unique trip or portion of a unique trip:

(1) the date, pickup, and drop-off locations. In describing the pickup and drop-off locations, the TNC shall describe the location by indicating the specific block in which the pick-up and drop-off occurred;

(2) the time and total mileage traveled from pick up to drop off of a rider or riders for P3;

(3) the time and total mileage traveled from acceptance of the assignment to completion for P2 and P3;

(4) total fare or fee paid by the rider or riders; and

(5) total compensation to the driver, specifying:

(i) any applicable rate or rates of pay, any applicable price multiplier, or variable pricing policy in effect;

(ii) any gratuity; and

(iii) an itemized list of all tolls, fees, or other pass-throughs from the rider charged to the driver.

Subd. 4. **Weekly summary.** Each week, a TNC must transmit a weekly summary to a driver in writing or electronically containing the following information for the preceding calendar week:

(1) total time the driver logged into the TNC application;

(2) total time and mileage for P2 and P3 segments;

(3) total fares or fees paid by riders; and

(4) total compensation to the driver, including any gratuities.

Subd. 5. **Record keeping.** TNCs must maintain the trip receipts and weekly summaries required under this section for at least three years.

Sec. 4. [181C.03] MINIMUM COMPENSATION.

(a) Minimum compensation of a TNC driver under this paragraph must be adjusted annually as provided under paragraph (f), and must be paid in a per minute, per mile format, as follows:

(1) \$1.27 per mile and \$0.49 per minute for any transportation of a rider by a driver;

(2) if applicable, an additional \$0.91 per mile for any transportation of a rider by a driver in a vehicle that is subject to the requirements in sections 299A.11 to 299A.17, regardless of whether a wheelchair securement device is used;

(3) if a trip request is canceled by a rider or a TNC after the driver has already departed to pick up a rider, 80 percent of any cancellation fee paid by the rider; and

(4) at minimum, compensation of \$5.00 for any transportation of a rider by a driver.

(b) A TNC must pay a driver the minimum compensation required under this section over a reasonable earnings period not to exceed 14 calendar days. The minimum compensation required under this section guarantees a driver a certain level of compensation in an earnings period that cannot be reduced. Nothing in this section prevents a driver from earning, or a TNC from paying, a higher level of compensation.

(c) Any gratuities received by a driver from a rider or riders are the property of the driver and are not included as part of the minimum compensation required by this section. A TNC must pay the applicable driver all gratuities received by the driver in an earnings period no later than the driver's next scheduled payment.

(d) For each earnings period, a TNC must compare a driver's earnings, excluding gratuities, against the required minimum compensation for that driver during the earnings period. If the driver's earnings, excluding gratuities, in the earnings period are less than the required minimum compensation for that earnings period, the TNC must include an additional sum accounting for the difference in the driver's earnings and the minimum compensation no later than during the next earnings period.

(e) A TNC that uses software or collection technology to collect fees or fares must pay a driver the compensation earned by the driver, regardless of whether the fees or fares are actually collected.

(f) Beginning January 1, 2026, and each January 1 thereafter, the minimum compensation required under paragraph (a) must be adjusted annually by the same process as the statewide minimum wage under section 177.24, subdivision 1.

Sec. 5. [181C.04] DEACTIVATION.

Subdivision 1. **Deactivation policy; requirements.** (a) A TNC must maintain a written plain-language deactivation policy that provides the policies and procedures for deactivation. The TNC must make the deactivation policy available online, through the TNC's digital platform. Updates or changes to the policy must be provided to drivers at least 48 hours before they go into effect.

(b) The deactivation policy must be provided in English, Amharic, Arabic, Hmong, Oromo, Somali, and Spanish. TNCs operating in Minnesota must consider updating the languages in which they offer the deactivation policy each year.

(c) The deactivation policy must:

(1) state that the deactivation policy is enforceable as a term of the TNC's contract with a driver;

(2) provide drivers with a reasonable understanding of the circumstances that constitute a violation that may warrant deactivation under the deactivation policy and indicate the consequences known, including the specific number of days or range of days for a deactivation if applicable;

(3) describe fair and reasonable procedures for notifying a driver of a deactivation and the reason for the deactivation;

(4) describe fair, objective, and reasonable procedures and eligibility criteria for the reconsideration of a deactivation decision and the process by which a driver may request a deactivation appeal with the TNC, consistent with subdivision 5; and

(5) be specific enough for a driver to understand what constitutes a violation of the policy and how to avoid violating the policy.

(d) Serious misconduct must be clearly defined in the TNC deactivation policy.

Subd. 2. **Prohibitions for deactivation.** A TNC must not deactivate a driver for:

(1) a violation not reasonably understood as part of a TNC's written deactivation policy;

(2) a driver's ability to work a minimum number of hours;

(3) a driver's acceptance or rejection of a ride, as long as the acceptance or rejection is not for a discriminatory purpose;

(4) a driver's good faith statement regarding compensation or working conditions made publicly or privately; or

(5) a driver asserting their legal rights under any local, state, or federal law.

Subd. 3. **Written notice and warning.** (a) The TNC must provide notice at the time of the deactivation or, for deactivations based on serious misconduct, notice within three days of the deactivation. A written notice must include:

(1) the reason for deactivation;

(2) anticipated length of the deactivation, if known;

(3) what day the deactivation started on;

(4) an explanation of whether or not the deactivation can be reversed and clear steps for the driver to take to reverse a deactivation;

(5) instructions for a driver to challenge the deactivation and information on their rights under the appeals process provided under subdivision 5; and

(6) a notice that the driver has a right to assistance and information on how to contact a driver advocacy group as provided in subdivision 4 to assist in the deactivation appeal process, including the telephone number and website information for one or more driver advocacy groups.

(b) The TNC must provide a warning to a driver if the driver's behavior could result in a future deactivation. A TNC does not need to provide a warning for behavior that constitutes serious misconduct.

Subd. 4. **Driver advocacy organizations.** (a) A TNC must contract with a driver's advocacy organization to provide services to drivers under this section. A driver advocacy group identified in the notice must be an independent, not-for-profit organization operating without excessive influence from the TNC. The TNC must not have any control or influence over the day-to-day operations of the advocacy organization or the organization's staff or management or have control or influence over who receives assistance on specific cases or how assistance is provided in a case. The organization must have been established and operating in Minnesota continuously for at least two years and be capable of providing culturally competent driver representation services, outreach, and education.

(b) The driver advocacy groups must provide, at no cost to the drivers, assistance with:

(1) deactivation appeals;

(2) education and outreach to drivers regarding the drivers' rights and remedies available to them under the law; and

(3) other technical or legal assistance on issues related to providing services for the TNC and riders.

Subd. 5. **Request for appeal.** (a) The deactivation policy must provide the driver with an opportunity to appeal the deactivation upon receipt of the notice and an opportunity to provide information to support the request. An appeal process must provide the driver with no less than 30 days from the date the notice was provided to the driver to appeal the deactivation and allow the driver to have the support of an advocate or attorney.

(b) Unless the TNC or the driver requests an additional 15 days, a TNC must review and make a final decision on the appeal within 15 days from the receipt of the requested appeal and information to support the request. A TNC may use a third party to assist with appeals.

(c) The TNC must consider any information presented by the driver under the appeal process. For a deactivation to be upheld, there must be evidence under the totality of the circumstances to

find that it is more likely than not that a rule violation subjecting the driver to deactivation has occurred.

(d) This section does not apply to deactivations for economic reasons or during a public state of emergency that are not targeted at a particular driver or drivers.

(e) When an unintentional deactivation of an individual driver occurs due to a purely technical issue and is not caused by any action or fault of the driver, the driver, upon request, must be provided reasonable compensation for the period of time the driver was not able to accept rides through the TNC capped at a maximum of 21 days. For the purposes of this paragraph, "reasonable compensation" means compensation for each day the driver was deactivated using the driver's daily average in earnings from the TNC for the 90 days prior to the deactivation.

Subd. 6. **Prior deactivations.** Consistent with the deactivation policy created under this section, a driver who was deactivated after January 1, 2021, but before November 1, 2024, and who has not been reinstated may request an appeal of the deactivation under this section, if the driver provides notice of the appeal within 90 days of the date of enactment. The TNC may take up to 90 days to issue a final decision.

EFFECTIVE DATE. This section is effective November 1, 2024, and applies to deactivations that occur on or after that date except as provided in subdivision 6.

Sec. 6. [181C.05] ENFORCEMENT.

(a) The commissioner of labor and industry has exclusive enforcement authority and may issue an order under section 177.27, subdivision 4, requiring a TNC to comply with sections 181C.02 and 181C.03 under section 177.27, subdivision 4.

(b) A provision in a contract between a TNC and a driver that violates this chapter is void and unenforceable. Unless a valid arbitration agreement exists under section 181C.08, a driver may bring an action in district court seeking injunctive relief and any applicable remedies available under the contract if a provision of a contract between a TNC and a driver violates this chapter.

(c) A TNC must not retaliate against or discipline a driver for (1) raising a complaint under this chapter, or (2) pursuing enactment or enforcement of this chapter. A TNC must not give less favorable or more favorable rides to a driver for making public or private comments supporting or opposing working conditions or compensation at a TNC.

Sec. 7. [181C.06] DISCRIMINATION PROHIBITED.

(a) A TNC must not discriminate against a TNC driver or a qualified applicant to become a driver, due to race, national origin, color, creed, religion, sex, disability, sexual orientation, marital status, or gender identity as provided under section 363A.11. Nothing in this section prohibits providing a reasonable accommodation to a person with a disability, for religious reasons, due to pregnancy, or to remedy previous discriminatory behavior.

(b) A TNC driver injured by a violation of this section is entitled to the remedies under sections 363A.28 to 363A.35.

Sec. 8. **[181C.07] COLLECTIVE BARGAINING; EMPLOYMENT STATUS.**

Notwithstanding any law to the contrary, nothing in this chapter prohibits collective bargaining, or must be construed to determine that a TNC driver is an employee.

Sec. 9. **[181C.08] ARBITRATION; REQUIREMENTS.**

(a) A TNC must provide a driver with the option to opt out of arbitration. Upon a driver's written election to pursue remedies through arbitration, the driver must not seek remedies through district court based on the same alleged violation.

(b) The rights and remedies established in this chapter must be the governing law in an arbitration between a driver operating in Minnesota and a TNC. The application of the rights and remedies available under chapter 181C cannot be waived by a driver prior to or at the initiation of an arbitration between a driver and a TNC. The TNC must make reasonable efforts to use the state of Minnesota as the venue for arbitration with a Minnesota driver. If an arbitration cannot take place in the state of Minnesota, the driver must be allowed to appear via phone or other electronic means and apply the rights and remedies available under chapter 181C. Arbitrators must be jointly selected by the TNC and the driver using the roster of qualified neutrals provided by the Minnesota supreme court for alternative dispute resolution. Consistent with the rules and guidelines provided by the American Arbitrators Association, if the parties are unable to agree on an arbitrator through the joint selection process, the case manager may administratively appoint the arbitrator or arbitrators.

(c) Contracts that have already been executed must have an addendum provided to each driver that includes a copy of this chapter and notice that a driver may elect to pursue the remedies provided in this chapter.

Sec. 10. **[181C.09] REVOCATION OF LICENSE.**

A local unit of government may refuse to issue a license or may revoke a license and right to operate issued to a TNC by the local unit of government for a TNC's failure to comply with the requirements of this chapter.

Sec. 11. **APPROPRIATION.**

\$173,000 in fiscal year 2025 is appropriated from the general fund to the commissioner of labor and industry for the purposes of enforcement, education, and outreach of Minnesota Statutes, sections 181C.02 and 181C.03. Beginning in fiscal year 2026, the base amount is \$123,000 each fiscal year."

Sec. 7. Minnesota Statutes 2022, section 174.23, subdivision 2, is amended to read:

Subd. 2. **Financial assistance; application, approval.** (a) The commissioner ~~shall~~ must seek out and select eligible recipients of financial assistance under sections 174.21 to 174.27.

(b) The commissioner ~~shall~~ must establish ~~by rule the~~ procedures and standards for review and approval of applications for financial assistance submitted to the commissioner pursuant to sections 174.21 to 174.27. Any applicant ~~shall~~ must provide to the commissioner any financial or other information required by the commissioner to carry out the commissioner's duties. The commissioner may require local contributions from applicants as a condition for receiving financial assistance.

~~(c) Before the commissioner approves any grant, the application for the grant may be reviewed by the appropriate regional development commission only for consistency with regional transportation plans and development guides. If an applicant proposes a project within the jurisdiction of a transit authority or commission or a transit system assisted or operated by a city or county, the application shall also be reviewed by that commission, authority, or political subdivision for consistency with its transit programs, policies, and plans.~~

Sec. 8. Minnesota Statutes 2022, section 174.24, subdivision 1a, is amended to read:

Subd. 1a. **Greater Minnesota transit investment plan.** (a) The commissioner ~~shall~~ must develop a greater Minnesota transit investment plan that contains a goal of meeting at least 80 percent of total transit service needs in greater Minnesota by July 1, 2015, and meeting at least 90 percent of total transit service needs in greater Minnesota by July 1, 2025.

(b) The plan must include, but is not limited to, the following:

(1) an analysis of ridership and total transit service needs throughout greater Minnesota;

(2) a calculation of the level and type of service required to meet total transit service needs, for the transit system classifications as provided under subdivision 3b, paragraph (c), of large urbanized area, small urban urbanized area, rural area, and elderly and disabled service, and complementary paratransit service (ADA);

(3) an analysis of costs and revenue options;

(4) a plan to reduce total transit service needs as specified in this subdivision; and

(5) identification of the operating and capital costs necessary to meet 100 percent of the greater Minnesota transit targeted and projected bus service hours, as identified in the greater Minnesota transit plan, for 2010, 2015, 2020, 2025, and 2030.

(c) The plan must specifically address special transportation service ridership and needs. The plan must also provide that recipients of operating assistance under this section provide fixed route public transit service without charge for disabled veterans in accordance with subdivision 7.

Sec. 9. Minnesota Statutes 2022, section 174.24, subdivision 3b, is amended to read:

Subd. 3b. **Operating assistance; recipient classifications.** ~~(a) The commissioner shall determine the total operating cost of any public transit system receiving or applying for assistance in accordance with generally accepted accounting principles. To be eligible for financial assistance, an applicant or recipient shall provide to the commissioner all financial records and other information and shall~~

~~permit any inspection reasonably necessary to determine total operating cost and correspondingly the amount of assistance that may be paid to the applicant or recipient. Where more than one county or municipality contributes assistance to the operation of a public transit system, the commissioner shall identify one as lead agency for the purpose of receiving money under this section.~~

~~(b)~~ (a) Prior to distributing operating assistance to eligible recipients for any contract period, the commissioner ~~shall~~ must place all recipients into one of the following classifications: large urbanized area service, small urban urbanized area service, rural area service, and elderly and disabled service, and complementary paratransit service (ADA).

~~(e)~~ (b) The commissioner ~~shall~~ must distribute ~~funds~~ the operating assistance amount under this section so that the percentage of ~~total contracted operating cost~~ from local sources paid by any recipient from local sources will not exceed the following percentage for that recipient's classification, except as provided in this subdivision. ~~The percentages must be:~~

- (1) for urbanized area service and small urban area service, 20 percent;
- (2) for rural area service, 15 percent; and
- (3) for elderly and disabled service and complementary paratransit service (ADA), 15 percent.

~~Except as provided in a United States Department of Transportation program allowing or requiring a lower percentage to be paid from local sources, the remainder of the recipient's total contracted operating cost will be paid from state sources of funds less any assistance received by the recipient from the United States Department of Transportation.~~

~~(d)~~ (c) For purposes of this subdivision, "local sources" means all local sources of funds and includes all operating revenue, tax levies, and contributions from public funds, ~~except that the commissioner may exclude from the total assistance contract revenues derived from operations the cost of which is excluded from the computation of total operating cost.~~

~~(e)~~ (d) If a recipient informs the commissioner in writing after the establishment of these percentages but prior to the distribution of financial assistance for any year that paying its designated percentage of ~~total operating cost~~ the operating assistance amount from local sources will cause undue hardship, the commissioner may reduce the percentage to be paid from local sources by the recipient and increase the percentage to be paid from local sources by one or more other recipients inside or outside the classification. However, the commissioner may not reduce or increase any recipient's percentage under this paragraph for more than two years successively. If for any year the funds appropriated to the commissioner to carry out the purposes of this section are insufficient to allow the commissioner to pay the state share of ~~total operating cost~~ the operating assistance amount as provided in this paragraph, the commissioner ~~shall~~ must reduce the state share in each classification to the extent necessary.

Sec. 10. Minnesota Statutes 2022, section 174.24, subdivision 3c, is amended to read:

Subd. 3c. **Nonoperating assistance.** The commissioner ~~shall~~ must determine the total cost of any planning and engineering design, capital assistance, other capital expenditures, and other assistance for public transit services that furthers the purposes of section 174.21 for any public transit system receiving or applying for the assistance in accordance with generally accepted accounting

principles. The percentage of local sources paid by any recipient must not exceed 20 percent of the awarded amount. To be eligible for non-operating-cost financial assistance, an applicant or recipient ~~shall~~ must provide to the commissioner all financial records and other information and ~~shall~~ must permit any inspection reasonably necessary to determine total cost and the amount of assistance that may be paid to the applicant or recipient. When more than one county or municipality contributes assistance to the operation of a public transit system, the commissioner ~~shall~~ must identify one as a lead agency for the purpose of receiving money under this section. The commissioner has the sole discretion to determine the amount of state funds distributed to any recipient for non-operating-cost assistance.

Sec. 11. Minnesota Statutes 2022, section 174.247, is amended to read:

174.247 ANNUAL TRANSIT REPORT.

(a) By February 15 annually, the commissioner ~~shall~~ must submit a report to the legislature on transit services outside the metropolitan area. ~~The Metropolitan Council and Any public transit system receiving assistance under section 174.24 shall~~ must provide assistance in creating the report, as requested by the commissioner.

(b) The report must include, at a minimum, the following:

(1) a descriptive overview of public transit in Minnesota;

(2) a descriptive summary of funding sources and assistance programs;

(3) a summary of each public transit system receiving assistance under section 174.24;

(4) data that identifies use of volunteers in providing transit service;

(5) financial data that identifies for each public transit system and for each transit system classification under section 174.24, subdivision 3b:

(i) the operating and capital costs;

(ii) each of the funding sources used to provide financial assistance; and

(iii) for federal funds, the amount from each specific federal program under which funding is provided;

(6) a summary of the differences in program implementation requirements and aid recipient eligibility between federal aid and state sources of funds; and

(7) ~~in each odd-numbered year,~~ an analysis of public transit system needs and operating expenditures on an annual basis, which must include a methodology for identifying monetary needs, and calculations of:

(i) the total monetary needs for all public transit systems, for the year of the report and the ensuing five years;

(ii) the total expenditures from local sources for each transit system classification;

(iii) the comprehensive transit assistance percentage for each transit system classification, which equals (A) the expenditures identified under item (ii), for a transit system classification, divided by (B) the amounts identified under subitem (A), plus the sum of state sources of funds plus federal funds provided to all transit systems in that classification; and

(iv) the amount of surplus or insufficient funds available for paying capital and operating costs to fully implement the greater Minnesota transit investment plan under section 174.24, subdivision 1a.

Sec. 12. Minnesota Statutes 2023 Supplement, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. **Transportation costs.** (a) "Nonemergency medical transportation service" means motor vehicle transportation provided by a public or private person that serves Minnesota health care program beneficiaries who do not require emergency ambulance service, as defined in section 144E.001, subdivision 3, to obtain covered medical services.

(b) For purposes of this subdivision, "rural urban commuting area" or "RUCA" means a census-tract based classification system under which a geographical area is determined to be urban, rural, or super rural.

(c) Medical assistance covers medical transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by eligible persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, nonemergency medical transportation company, or other recognized providers of transportation services. Medical transportation must be provided by:

(1) nonemergency medical transportation providers who meet the requirements of this subdivision;

(2) ambulances, as defined in section 144E.001, subdivision 2;

(3) taxicabs that meet the requirements of this subdivision;

(4) public transit, within the meaning of "public transportation" as defined in section 174.22, subdivision 7; or

(5) not-for-hire vehicles, including volunteer drivers, as defined in section 65B.472, subdivision 1, paragraph (h).

(d) Medical assistance covers nonemergency medical transportation provided by nonemergency medical transportation providers enrolled in the Minnesota health care programs. All nonemergency medical transportation providers must comply with the operating standards for special transportation service as defined in sections 174.29 to 174.30 and Minnesota Rules, chapter 8840, and all drivers must be individually enrolled with the commissioner and reported on the claim as the individual who provided the service. All nonemergency medical transportation providers shall bill for nonemergency medical transportation services in accordance with Minnesota health care programs criteria. Publicly operated transit systems, volunteers, and not-for-hire vehicles are exempt from the requirements outlined in this paragraph.

(e) An organization may be terminated, denied, or suspended from enrollment if:

(1) the provider has not initiated background studies on the individuals specified in section 174.30, subdivision 10, paragraph (a), clauses (1) to (3); or

(2) the provider has initiated background studies on the individuals specified in section 174.30, subdivision 10, paragraph (a), clauses (1) to (3), and:

(i) the commissioner has sent the provider a notice that the individual has been disqualified under section 245C.14; and

(ii) the individual has not received a disqualification set-aside specific to the special transportation services provider under sections 245C.22 and 245C.23.

(f) The administrative agency of nonemergency medical transportation must:

(1) adhere to the policies defined by the commissioner;

(2) pay nonemergency medical transportation providers for services provided to Minnesota health care programs beneficiaries to obtain covered medical services;

(3) provide data monthly to the commissioner on appeals, complaints, no-shows, canceled trips, and number of trips by mode; and

(4) by July 1, 2016, in accordance with subdivision 18e, utilize a web-based single administrative structure assessment tool that meets the technical requirements established by the commissioner, reconciles trip information with claims being submitted by providers, and ensures prompt payment for nonemergency medical transportation services.

(g) Until the commissioner implements the single administrative structure and delivery system under subdivision 18e, clients shall obtain their level-of-service certificate from the commissioner or an entity approved by the commissioner that does not dispatch rides for clients using modes of transportation under paragraph (l), clauses (4), (5), (6), and (7).

(h) The commissioner may use an order by the recipient's attending physician, advanced practice registered nurse, physician assistant, or a medical or mental health professional to certify that the recipient requires nonemergency medical transportation services. Nonemergency medical transportation providers shall perform driver-assisted services for eligible individuals, when appropriate. Driver-assisted service includes passenger pickup at and return to the individual's residence or place of business, assistance with admittance of the individual to the medical facility, and assistance in passenger securement or in securing of wheelchairs, child seats, or stretchers in the vehicle.

(i) Nonemergency medical transportation providers must take clients to the health care provider using the most direct route, and must not exceed 30 miles for a trip to a primary care provider or 60 miles for a trip to a specialty care provider, unless the client receives authorization from the local agency.

(j) Nonemergency medical transportation providers may not bill for separate base rates for the continuation of a trip beyond the original destination. Nonemergency medical transportation providers

must maintain trip logs, which include pickup and drop-off times, signed by the medical provider or client, whichever is deemed most appropriate, attesting to mileage traveled to obtain covered medical services. Clients requesting client mileage reimbursement must sign the trip log attesting mileage traveled to obtain covered medical services.

(k) The administrative agency shall use the level of service process established by the commissioner to determine the client's most appropriate mode of transportation. If public transit or a certified transportation provider is not available to provide the appropriate service mode for the client, the client may receive a onetime service upgrade.

(l) The covered modes of transportation are:

(1) client reimbursement, which includes client mileage reimbursement provided to clients who have their own transportation, or to family or an acquaintance who provides transportation to the client;

(2) volunteer transport, which includes transportation by volunteers using their own vehicle;

(3) unassisted transport, which includes transportation provided to a client by a taxicab or public transit. If a taxicab or public transit is not available, the client can receive transportation from another nonemergency medical transportation provider;

(4) assisted transport, which includes transport provided to clients who require assistance by a nonemergency medical transportation provider;

(5) lift-equipped/ramp transport, which includes transport provided to a client who is dependent on a device and requires a nonemergency medical transportation provider with a vehicle containing a lift or ramp;

(6) protected transport, which includes transport provided to a client who has received a prescreening that has deemed other forms of transportation inappropriate and who requires a provider: (i) with a protected vehicle that is not an ambulance or police car and has safety locks, a video recorder, and a transparent thermoplastic partition between the passenger and the vehicle driver; and (ii) who is certified as a protected transport provider; and

(7) stretcher transport, which includes transport for a client in a prone or supine position and requires a nonemergency medical transportation provider with a vehicle that can transport a client in a prone or supine position.

(m) The local agency shall be the single administrative agency and shall administer and reimburse for modes defined in paragraph (l) according to paragraphs (p) and (q) when the commissioner has developed, made available, and funded the web-based single administrative structure, assessment tool, and level of need assessment under subdivision 18e. The local agency's financial obligation is limited to funds provided by the state or federal government.

(n) The commissioner shall:

(1) verify that the mode and use of nonemergency medical transportation is appropriate;

(2) verify that the client is going to an approved medical appointment; and

(3) investigate all complaints and appeals.

(o) The administrative agency shall pay for the services provided in this subdivision and seek reimbursement from the commissioner, if appropriate. As vendors of medical care, local agencies are subject to the provisions in section 256B.041, the sanctions and monetary recovery actions in section 256B.064, and Minnesota Rules, parts 9505.2160 to 9505.2245.

(p) Payments for nonemergency medical transportation must be paid based on the client's assessed mode under paragraph (k), not the type of vehicle used to provide the service. The medical assistance reimbursement rates for nonemergency medical transportation services that are payable by or on behalf of the commissioner for nonemergency medical transportation services are:

(1) \$0.22 per mile for client reimbursement;

(2) up to 100 percent of the Internal Revenue Service business deduction rate for volunteer transport;

(3) equivalent to the standard fare for unassisted transport when provided by public transit, and \$12.10 for the base rate and \$1.43 per mile when provided by a nonemergency medical transportation provider;

(4) \$14.30 for the base rate and \$1.43 per mile for assisted transport;

(5) \$19.80 for the base rate and \$1.70 per mile for lift-equipped/ramp transport;

(6) \$75 for the base rate and \$2.40 per mile for protected transport; and

(7) \$60 for the base rate and \$2.40 per mile for stretcher transport, and \$9 per trip for an additional attendant if deemed medically necessary.

(q) The base rate for nonemergency medical transportation services in areas defined under RUCA to be super rural is equal to 111.3 percent of the respective base rate in paragraph (p), clauses (1) to (7). The mileage rate for nonemergency medical transportation services in areas defined under RUCA to be rural or super rural areas is:

(1) for a trip equal to 17 miles or less, equal to 125 percent of the respective mileage rate in paragraph (p), clauses (1) to (7); and

(2) for a trip between 18 and 50 miles, equal to 112.5 percent of the respective mileage rate in paragraph (p), clauses (1) to (7).

(r) For purposes of reimbursement rates for nonemergency medical transportation services under paragraphs (p) and (q), the zip code of the recipient's place of residence shall determine whether the urban, rural, or super rural reimbursement rate applies.

(s) The commissioner, when determining reimbursement rates for nonemergency medical transportation under paragraphs (p) and (q), shall exempt all modes of transportation listed under paragraph (l) from Minnesota Rules, part 9505.0445, item R, subitem (2).

(t) Effective for the first day of each calendar quarter in which the price of gasoline as posted publicly by the United States Energy Information Administration exceeds \$3.00 per gallon, the commissioner shall adjust the rate paid per mile in paragraph (p) by one percent up or down for every increase or decrease of ten cents for the price of gasoline. The increase or decrease must be calculated using a base gasoline price of \$3.00. The percentage increase or decrease must be calculated using the average of the most recently available price of all grades of gasoline for Minnesota as posted publicly by the United States Energy Information Administration.
